

UPGRADE KIT

APCO® Upgrade Kit

Now you can add the odor and toxic VOC fighting benefits of the award-winning Fresh-Aire UV APCO® to your existing Fresh-Aire UV® system. An APCO® Upgrade Kit fits onto your previously installed Fresh-Aire UV® Blue-Tube® or AHU Series 1 germicidal UV light system and require no additional wiring or electrical connections. The Upgrade Kit features the same technology as the standard APCO unit but uses a magnetic mounting plate and the existing Fresh-Aire UV® power supply.

How APCO® Works

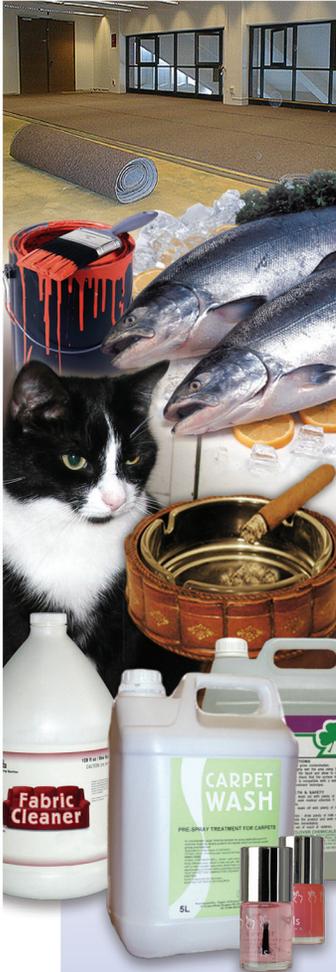

APCO® cells removes airborne contaminants as the air is circulated by the central air system.

Airborne microbes and volatile organic compounds (odor molecules) are captured by the APCO® activated carbon matrix and held in place by the microscopic structure where they are neutralized by a process called photocatalytic oxidation.

Fits Our Most Popular Models

Add an APCO® Upgrade kit to any existing Blue-Tube UV® or Fresh-Aire UV® AHU series 1 installation. APCO® Mag comes with a double-strength 65 lb. magnet for extra holding power.

UPGRADE WITH APCO® ...

ODORS & VOCs

- Cigarette / cigar / pipe smoke
- Pet odors
- Cooking smells
- Building materials
- Flooring / carpets / upholstery
- Composite wood products
- Paints / varnishes / solvents
- Cleaning chemicals
- Fuel oil / gasoline / vehicle exhaust

BIOLOGICAL

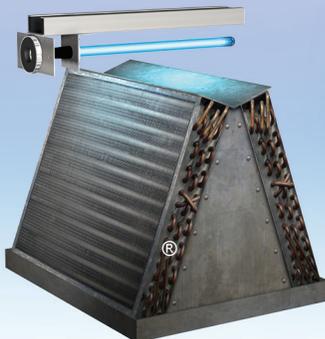

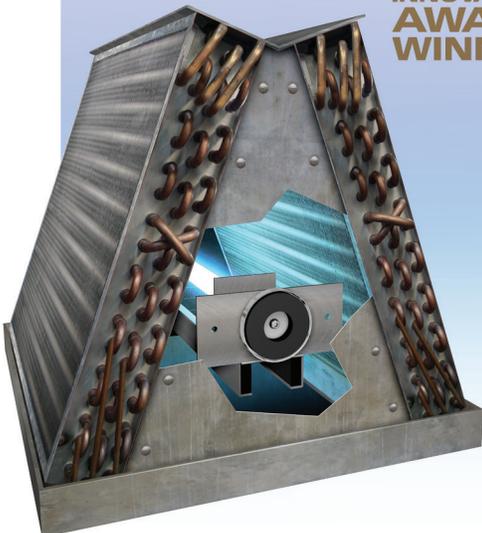

- Mold
- Allergens
- Viruses
- Bacteria

Internal Mounting

TUV-APCO-MAG15 15" Lamps (TUVL-100, TUVL-200)
TUV-APCO-MAG11 11" Lamps (TUVL-1RT, TUVL-2RT)
Lamps purchased separately

External Mounting

TUV-APCO-RT 11" Lamps (TUVL-1RT, TUVL-2RT)
Lamps purchased separately

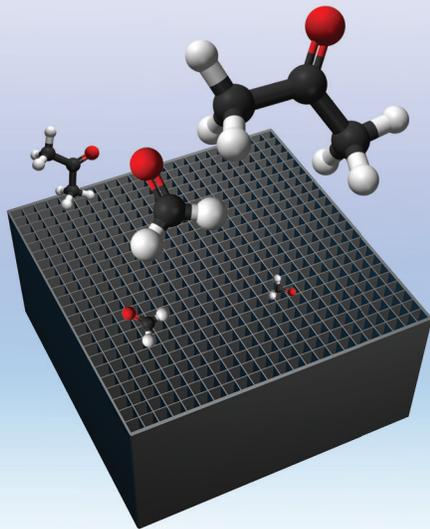

Compatible with these Fresh-Aire UV® Power Supplies

TUVP-ER, TUVP-ST, TUVP-1SI, TUVP-1DI, TUVP-1TI

ENTER THE MATRIX

The matrix of titanium dioxide infused activated carbon cells inside APCO® Mag attracts and holds odors, microbes, and VOC molecules which are then catalyzed by exposure to UV light.

The carbon cells are self-cleaning and the system is virtually maintenance-free other than lamp replacement.

 Made in USA

Manufactured by Triatomic Environmental, Inc.
